

Wisconsin Road Team

Sharing Wisconsin's Roads

SEEKING PROFESSIONAL DRIVERS

- Articulate, safety-conscious drivers
- To promote the industry and talk about "sharing the road" with large vehicles
- Drivers talk about what they know
- About 3-4 times per month
- Flexible schedule - Local drivers will do assignments in their region of the state. Over-the-Road drivers can be scheduled according to their work schedule either at the beginning or the end of their trip. Our staff will work with the company and driver to make it work for them.
- Driver and company know the assignments 3-4 weeks in advance.
- Our heaviest scheduled areas of the state: Southeast, Northwest, North Central, Central

"I appreciated the opportunity to represent the WI Road Team in 2003 and 2005. I also wanted to let you know that because of my feeling of accomplishment being on the WI Road Team that I decided to take that "educating others piece" to a new level by pursuing a career in Safety. Being on the WI Road Team made me realize how important it is to continue to have people step up to the plate and share their experience with those individuals who are less experienced. So I wish to say Thank You to everyone at Wisconsin Motor Carriers Association for the eye-opening experience and I hope you continue to have trucking professionals that are willing to take that nervous first step in sharing their knowledge." **Steve Springer**, 2003 & 2005 Road Team Member

**Your company supports
the
Wisconsin Road Team.**

**Talk to your
Safety Director or
Company Owner.**

**Deadline for nominations
is January 12, 2010**
